## HOBBIES

Loves to travel and explore  
new places.

## PROFILE

An Innovative Programmer and an aspiring **Software Developer** striving to make the world a more unified and connected place and working with various data structures alongside.

## PROJECTS

### Chrome Extension

This was designed using HTML, CSS, and JS which allows us to save the currently opened tabs in the window and also allows us to enter the tab URL manually.

### Music Player

This is an Android application designed using Android Studio with Java and XML. This is used to play songs that are present on the mobile device locally.

### Food Order Website

This is a food order website designed with only HTML, CSS, and JS without using any libraries and has been hosted online at netlify.com.

Hosted Link: <https://orderfoodhere.netlify.app/>

### Portfolio Website

This is a portfolio website created using frameworks like ReactJS which is fully responsive and has been hosted online at netlify.com.

Hosted Link: <https://radhikaarora.netlify.app/>
